# How to Print COVID-19 Immunization Records in MySaskHealthRecord

All COVID-19 immunization events received at a public health office or pharmacy will be available in your MySaskHealthRecord account once they are entered into the provincial health system (Panorama).
To print a PDF report, you can use the 'Export' feature in MySaskHealthRecord:

Step 1: Log in to your MySaskHealthRecord account and go to your 'Account' settings located in the top right-hand corner. Select "Files and Reports"

Step 2: In the Export information section, select the report criteria (date range and type) and 'Save' to generate the report.

Step 3: A PDF report will be generated and available to print. All records identified as 'Provincial' in the 'Source' column display the information entered into Panorama.

Immunizations

Date	Vaccine	Provider	Location	Source
2021-05-13	COVID-19 Pfizer-BioNTech mRNA BNT162b2 - COVID-19 mRNA	Pharmacist Provider	P716 - SAVE ON FOODS PHARMACY NO.5055 - 4520 ALBERT ST - 482851	Provincial
