Saskatchewan Immunization Manual Amendments July 2022

Instructions: Please remove and discard the corresponding pages in each chapter section as applicable and insert the amended pages as noted below in each corresponding chapter section.

Chapter 10 Biological Products

- TOC now 4 pages to allow for new vaccines to be listed.
- Pediacel
  - Removed under footnote 1: This vaccine is indicated for ages 6 weeks up to and including 5 years of age.
- Hepatitis B Series Completion Recommendations for Children 11-15 Years Old
  - Now for children who have an incomplete HAHB or HB series.
- NEW! Prevnar 20™ added with product monograph link; not publicly funded.
- IMVAMUNE
  - Added under Contraindications: Egg-allergic individuals may be immunized except if there is a known previous anaphylactic reaction to egg. Egg-allergic vaccine recipients should be kept under observation for 30 minutes following the administration of this vaccine.

Chapter 11 AEFIs

- Pp. 13-14 Appendix 11.5 Canadian Biological Product Abbreviations
  - Pneu-C-15 and Pneu-C-20 added to table on p. 14.
