## External Resource (non-SHA employee)

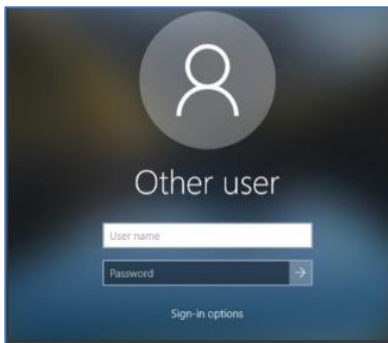

### 1. Sign in to a Vaccine Clinic Laptop

**Requirement:** The computer must be connected to SHA Network (CNET).

a. Log in to device using the following format:

**Username:** HEALTH\Username (*username set when you registered for myeHealth account*)

**Password:** Your existing myeHealth password (*password you registered with*)

**NOTE:** If you are an existing SHA employee, please use one of the following:

[Sign in to SHA computer in HOME Region \(page 2\)](#)

OR

[Sign in to SHA computer NOT in HOME Region \(page3\)](#)

[Return to first page](#)

## SHA Employee – in Home Region

### 1. Sign in to SHA computer in HOME Region

**Requirement:** The computer is located in your normal (HOME) former Health Region and is connected to the SHA Network (CNET).

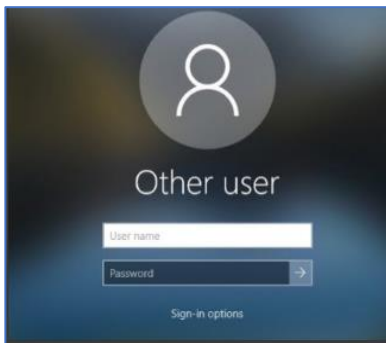

a. Login may only require your **Username** and **password** (without the DOMAIN).  
(e.g. Username: **jsmith** rather than **RQHealth\jsmith**)

b. If unsuccessful, log in to device using the following format:

**Username:** DOMAIN\Username

(if you are uncertain of DOMAIN name, refer to [Former Region Table](#) below)

**Password:** Your existing network password

[Return to first page](#)

## SHA Employee – Redeployed to another Former Region

### 1. Sign in to SHA computer NOT in HOME Region

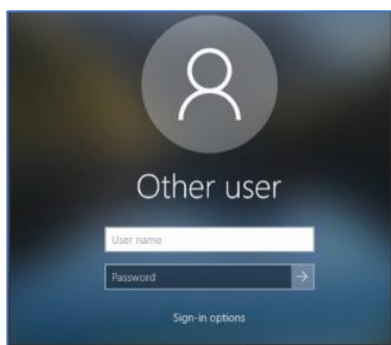

**Requirement:** The computer must be connected to SHA Network (CNET) but is not located in your normal (HOME) former Health Region.

a. Log in to device using the following format:

**Username:** DOMAIN\Username

(Refer to [Former Region Table](#) below if you are uncertain of your home DOMAIN name)

**Password:** Your existing network password

### 2. Former Region Table
