

Tips for Searching for Particular Laboratory Results

Showing all documents View By Look For

Isolate laboratory results for a specific time frame

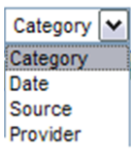

Annotations:

- Insert end date here (points to the date field in the dropdown)
- Select the amount of time, before the end date, you want displayed (points to the time range options)

Showing all documents View By Look For

Sort results to find them easier

Options:

- Category
- Date
- Source
- Provider

Showing all documents View By Look For

You may also search for a particular a **test name**, **date** or an **ordering provider's name**.

To Search for a Particular Clinician and Results

Searching by provider is looking for the ordering provider name. If the provider was copied on the result then they will not show on this search.
