Panorama Immunization Module – Cheat Sheet

Where do I find the TB Skin Test information migrated from SIMS to Panorama?

TB Skin Test information from SIMS **Tests/Titres** is being migrated to the "**Immunization History Interpretation Summary**" screen of the Panorama Immunization Module. The screen shots below identify how the historical SIMS TB Skin Tests were migrated to Panorama:

Test/Titre		Panorama Immunization History Interpretation
Test/Titre	→	*Disease* -> Tuberculosis
Test Admin Date	→	ONLY used if Result Rec Date missing/invalid -> *Interpretation Date*
Result Rec Date	→	*Interpretation Date*
Provider	→	*Comments*
Result	→	*Reference Data* (TST reading in MM – e.g. 3 MM)
	→	*Interpretation of Disease Immunity* -> will be coded as "*See Note in Comments*"
	→	*Comments* (will include **ALL** the free text about the TB skin test result as a migration note)

Note: The "Reason" in Panorama defaults to Lab Serology for TB Skin Test data migrated from SIMS.

Note: The "Status" will default to "ACTIVE" for TB Skin Test data migrated from SIMS.

The historic **TB Skin Test** information from SIMS will look like this in the Panorama *Immunization History Interpretation Summary*:

Immunization History Interpretation Summary

Disease: [▼]   [Create Interpretation]

1 Interpretation(s) total   Click on Pertinent to Investigation ID to view Investigation Summary.

Row Action: [View/Update]

	Status ▲	Interpretation Date	Disease ▼	Interpretation of Disease Immunity	Reason ▼	Vaccine ▼	Doses Needed	Pertinent to Investigations
○	Active	2015 Jan 13	Tuberculosis	See Note in Comments	Lab Serology	-	0	-

<mark>Also</mark>, a **Client Warning** will flag that there is a SIMS TB Skin Test in the Immunization History Interpretation Summary in Panorama:

⚠ Warnings	Effective From ▼	Effective To ▼	Type ▲	Message	Last Edited By ▼
	2015 Jan 13		Client Warning	Test/Titre/TST in Imms History on: Jan 13 2015	Puser, Toofifyfive

<mark>**Reminder**</mark>: After Go-Live for Panorama, tuberculin skin tests will only be entered in the Panorama **TB Skin Test Summary** screen.
