Information Bulletin 0007

Issue:

Ongoing Entry in to the SIMS Tests/Titres is Not Permitted

The entry of Tests/Titres information into SIMS was to cease after 5:00 pm on October 23, 2014 (see Information Bulletin 0003). This bulletin is a reminder that users are not to enter any Tests/Titres information into SIMS until further notice from the Ministry of Health.

This directive applies to all Tests/Titres (e.g. Hepatitis A, Varicella, etc.) including Tuberculin Skin Tests.

A separate Bulletin will be forthcoming regarding the Non Immunization Event – Other notes in SIMS.

Versions Affected

Version 2.5.3

Symptoms

- N/A

Response

Users will need to implement a work around for the management of paper records for serology results and tuberculin skin test results until information can be entered into Panorama after Go-Live.
