Information Bulletin 0008

Issue:

Ongoing Entry in to the SIMS “Non Immunization Event – Other” is **Not Permitted**

The entry of “Non Immunization Event – Other” information into SIMS should cease immediately.

RHA/FNJ should also ensure that they have completed their review of the “clinically relevant” records that were flagged for them by email on September 16, 2014 (~ 600 records) and ensure that these have been documented in an immunization event note as appropriate.

Versions Affected

Version 2.5.3

Symptoms

- N/A

Response

With the delay in the Go-Live date, RHA/FNJs that have not been able to review their portion of the complete list of “Non Immunization Event – Other” records (~7600) should consider re-visiting this larger list of records to ensure there are no outstanding issues.
