Information Bulletin 0010

## **ISSUE**

### **Ongoing Entry in to the SIMS Tests/Titres can resume for all Titres (e.g. Hepatitis A, Varicella, etc.)**

As of November 24, 2015, the entry of Tests/Titres information into SIMS can **resume** for all titres (e.g. Hepatitis A, Varicella, etc.) but **not** for Tuberculin Skin Tests. Entry of titres will be permitted until further notice from the Ministry of Health regarding the establishment of a Go-Live date.

This bulletin is also a reminder that users are **not** to enter any notes into “Non Immunization Event – Other” in SIMS (see Information Bulletin 0003 and 0008).

### **Versions Affected**

- Version 2.5.3

### **Symptoms**

- N/A

## ***Response***

Users will need to implement a work around for the management of paper records for tuberculin skin tests until information can be entered into the ***TB Skin Test Summary*** screen in Panorama after Go-Live.
