## Bulletin #063: Mandatory Organization Field

eHealth Saskatchewan

July 24, 2017

Version 1

### Description

The clients “Health Region Organization” field located on the “Personal Information” screen is now set to be mandatory.

### What to Expect

When creating a new client record or updating an existing client record you will no longer be able to save the record with a blank “Health Region Organization” (HRO) field.

When creating a new client the HRO field is auto populated with the organization of the signed on user. The field can be updated to another organization but cannot be left blank.

Trying to save a record with a blank HRO will generate an error message saying the “Organization is a required field”.

The screenshot displays the 'Personal Information' form. At the top, there is a summary bar with fields for Client ID (1), Name (Test1, Test1 / Male), Health Card No. (987654321), and Date of Birth / Age (1945 Sep 01 / 71 years). Below this, there are fields for Phone Number, Jurisdiction Info (Saskatchewan, Regina Qu'Appelle Regional Health Authority), and Additional ID Type (Provincial health). A red box highlights an error message: 'Organization is a required field'. The main form area includes sections for 'Indeterminate', 'Jurisdictional Registry', 'Last Name', 'First Name', 'Middle Name', 'Suffix', 'Date of Birth', 'Age', 'Gender', 'Gender Identity', 'Other Identity', 'Health Card Province', and 'Health Card Number'. The 'Health Region Organization' field is highlighted with a red box and contains the text 'e.g. Organization Display Name'.
