

Panorama Immunization Module Policies

TOPIC:	Vaccine Deferrals		
APPROVED BY:	Saskatchewan Ministry of Health	DATE APPROVED:	January 14, 2015

POLICY:

Vaccine deferrals will be documented in Panorama.

PURPOSE:

To ensure that authorized Panorama users are consistent in their documentation of why a vaccine was not administered at the recommended time (deferral).

PROCEDURE:

When a condition or situation exists that prevents a client from receiving a scheduled immunization a vaccine deferral is documented in the Deferrals screen (in Record & Update Imms). Ensure that a deferral is recorded for each immunizing agent deferred and complete all mandatory fields.
