MEDICAL LABORATORY LICENSING – CONTACT INFORMATION

In Saskatchewan, all medical laboratories operate under a licence issued by the Ministry of Health in accordance with *The Medical Laboratory Licensing Act* and *The Medical Laboratory Licensing Regulations*. A medical laboratory is defined as a place where a test is performed or where a specimen is taken or collected for the purpose of transporting it to another medical laboratory where it is to be tested.

As a condition of the licence, the licensee must participate in the Laboratory Quality Assurance (QA) Program administered by the College of Physicians and Surgeons of Saskatchewan.

In order to renew or apply for a medical laboratory licence, the application form is to be completed in its entirety and submitted to the Ministry of Health for adjudication and approval.

As of April 1, 2018, the Roy Romanow Provincial Laboratory (formerly Saskatchewan Disease Control Laboratory) will no longer be approving renewals or applications for new medical laboratory licences as the SDCL is now part of the Saskatchewan Health Authority. Renewals or applications for new medical laboratory licenses are now handled by the Casework Unit of the Medical Services Branch. For Medical Laboratory Licensing contact:

This is a reminder to review the validation and return reports that are available on the Ministry's Internet Claims Submission (ICS) service website. Your EMR program or billing application may not relay these reports automatically from ICS. These reports will provide you with information about the status of your claims.

Even if your billing system identifies that your claims were **submitted**, it does not confirm that the file was received by the Medical Services Branch (MSB). To ensure your submission was successfully submitted to MSB it is recommended that you review your ICS "**validation report**". This report contains totals for each clinic/doctor number that was submitted in the run for payment and/or any errors found in your submission prior to the bi-weekly Tuesday claims run.

***If you do not receive an ICS "validation report" immediately after your claims submission you must follow up with MSB to investigate the issue as this indicates there is a problem with the receipt of your submission.**

It is also important for you to pick up your "**return.txt**" file from the ICS website starting on the Wednesday following the Tuesday run. This file contains the pay list records and any returned or rejected claims. Use this report to reconcile your accounts.

DID YOU KNOW? You can find the following on the ICS website at <https://ics.ehealthsask.ca/>:

- ✓ **Run Schedule**
- ✓ **Payment Schedules**
- ✓ **Fee Code File**
- ✓ **Referring Doctor File**
- ✓ **Diagnostic Code File**

OUT OF PROVINCE REFERRING DOCTOR NUMBERS

When the referring doctor is located outside Saskatchewan, please indicate the doctor's name and province on the comments record (max. 77 characters) and code the claim to one of the following numbers:

Alberta	9908
British Columbia	9909
Manitoba	9907
Ontario	9906
Quebec	9905
Other Provinces	9900

REQUEST FOR REVIEW OF CLAIMS ASSESSMENT FORM:

Please be advised, the *“Request for Review of Claims Assessment Form”* should only be used for claims that appear on your pay list. Any ‘returned’ claims must be corrected by the physician or billing clerk and resubmitted electronically.

If you have questions regarding why a claim has been rejected or you require further information required for resubmission, please contact the Claims Unit at (306) 787-3454.

REMINDER: MEDICAL RECIPROCAL CLAIMS QUEBEC

As a reminder, Quebec is **NOT** covered under the Reciprocal Billing Agreement; therefore, not payable by the Ministry of Health. Please bill the patient directly or submit your claim to Quebec Health.

The Out of Province Claim form for Physician Services is located at the following link:

<https://www.ehealthsask.ca/services/resources/Resources/Out%20of%20Province%20Claim%20for%20Physician%20Services.pdf>

Send completed form to:

Régie de l'assurance maladie
Case postale 500
Québec (Québec) G1K 7B4

ASSESSMENT OF ACCOUNTS

If a physician does not agree with a particular assessment of an account, he/she may submit a Review of Claims Assessment form to the Claims Analysis Unit. If dissatisfied with this review a further review may be requested by writing to the Medical Consultant for formal review. This is a 2nd level of appeal process. In order for your request to be handled, you must submit an appeal letter and new supportive documentation to substantiate your request. If the 2nd level of appeal lacks this criteria, your request will be denied review. Please refer to page 31 of the October 1, 2019. Physician Payment Schedule for further instruction.

APPROPRIATE HANDLING OF CLAIMS REJECTED/RECOVERED WITH CW (WCB RESPONSIBILITY) EXPLANATORY CODE

Please submit to WCB any claims rejected or recovered with CW explanatory code as per the Physician Payment Schedule on page 45. When resubmitting, it is IMPORTANT that the comment "Not WCB" followed by the date submitted to and the date rejected by WCB appears in the comment record (max. 77 characters) of the online claim submission. This comment enables the MSB claims system to properly adjudicate the claim for payment.

For example: "Not WCB – January 1, 2018 – August 1, 2018"

IMPORTANT REMINDER REGARDING TIME LIMIT FOR SUBMISSION OF ACCOUNTS

Accounts for payment must be received within six consecutive months immediately following the provision of the insured service. In rare exceptions, an extension to the six-month time limit could be considered (when there are reasons beyond the control of the practitioner).

It is important to know that the physician is directly responsible for:

- the maintenance of appropriate office billing records;
- training and monitoring of billing staff;
- reconciliation of accounts submitted compared to accounts paid;
- establishment of appropriate internal controls in the conduct of the business of medical practice; and,
- working directly with vendors to ensure that systems are configured appropriately in order to meet the business needs.

JOINT MEDICAL PROFESSIONAL REVIEW COMMITTEE (JMPCR)

The JMPCR is a legislated, peer-review committee with two (2) physicians appointed by each of the Saskatchewan Medical Association, the College of Physicians and Surgeons of Saskatchewan and the Ministry of Health.

The JMPCR is responsible for reviewing the billing patterns of Saskatchewan physicians. The JMPCR has the authority to review a physician's billings over a 15-month period, request patient records and interview the physician. Based on the results of the JMPCR's investigation, the Committee has the authority to order a recovery of monies if they determine that the Minister has paid monies inappropriately.

TOP ISSUES IDENTIFIED BY THE JMPCR:

1. Inappropriate frequency of non-medically required visit services;
2. Inappropriate frequency of faxed prescription renewals;
3. Inadequate documentation to support the service(s) billed;
4. Incomplete chronic disease management flow sheets; and
5. Uninsured/third party services, sick notes and form completions billed to MSB.

The following is a summary of monies ordered to be repaid by physicians due to inappropriate billings in the last two fiscal years:

2017-18: \$1,789,853 (6 physicians)

2018-19: \$1,598,881 (7 physicians*)

* Based on the fiscal year the final order was issued.

It is the responsibility of all physicians to:

- ✓ *Ensure that the appropriate service code is submitted for the service that was provided;*
- ✓ *Ensure that he/she is aware of the documentation requirements associated with each service code billed; and*
- ✓ *Ensure that he/she is aware of his/her legislative billing obligations.*

If you are interested in learning more about the JMPCR or have any questions regarding the JMPCR process, please contact Carie Dobrescu, Senior Insured Services Consultant (Policy, Governance and Audit) at carie.dobrescu@health.gov.sk.ca or 306-798-2108.

PAYMENT SCHEDULE MODERNIZATION (PSM)

Payment Schedule Modernization is the first ever comprehensive review of the Payment Schedule for Insured Services Provided by a Physician (the Payment Schedule is a legacy document built upon a period spanning over 50+ years).

PSM is a multi-year project, jointly administered by the Ministry of Health (Ministry) and the Saskatchewan Medical Association (SMA) with the mandate of updating the fee codes in the Physician Payment Schedule using the principles of patient-centered care, appropriateness, and fairness.

Modernization is **revenue neutral**, with any potential savings to be reinvested into the Payment Schedule.

All changes to items in the Payment Schedule recommended by the PSM working group are vetted through the Payment Schedule Review Committee's (PSRC), a joint Ministry-SMA committee, with final approval by the Minister of Health.

The following sections have had fee codes modernized in the 2018 and/or 2019 Payment Schedule releases:

- General Services
- Psychiatry
- General Surgery
- Ophthalmology
- Family Practice
- Internal Medicine
- Plastic Surgery
- Diagnostic Ultrasound
- Neurosurgery
- Obstetrics and Gynecology

The Ministry and the SMA have been meeting directly with physician sections to share perspectives and begin advancing PSM items, with potential implementation of several items in the April 1, 2020 Payment Schedule release. If you would like further information on PSM and/or would like to become involved, please contact the SMA.

Automated Referral Template

Automated Referral Template, available in MedAccess and Accuro EMRs, makes it faster and easier to create a best-practice referral letter. The Template uses the clinical information in your EMR to automatically prepare a letter that includes the information specialists need to assess and triage your patient. Data such as patient's medication, allergies, recent history and other relevant medical information are automatically added. The template does not replace existing referral forms.

The template was designed in partnership with physicians to improve workflow and achieve best-practice referral-consult guidelines developed by the College of Family Physicians of Canada (CFPC) and the Royal College of Physicians and Surgeons (RCPS). The guidelines and the template were endorsed by Saskatchewan College of Medicine, College of Physicians and Surgeons of Saskatchewan and former Senior Medical Officers Committee.

Try the template next time you make a referral.

FOR MORE INFORMATION and to learn how to set up the template in your EMR, please visit:

The Saskatchewan Referral/Consult Checklist

Disruptions between primary and specialty care undermine the quality of care and jeopardize patient safety. Even a small piece of missing information on a referral or consult note can cause unnecessary delays and frustration.

Good communication between physicians in the referral/consultation process not only facilitates timely access to care for patients but can also be exceptionally satisfying to the physicians themselves as they consult with each other about how best to address their patients' needs. (*College of Family Physicians of Canada and the Royal College of Physicians and Surgeons of Canada, 2009*)

The Referral/Consult Checklist is a handy tool developed by doctors to ensure the right information is included in your referral and consult letters, telephone consults, and dictated notes.

Try using the pocket-sized checklist the next time you write a referral or consultation letter.
