

Special Care Home Management 627A – 629A

Billing Information Sheet

Insured Services, Medical Services Branch

1. BACKGROUND	<p>PAYMENT SCHEDULE MODERNIZATION (PSM): Special Care Home Management (SCHM)</p> <p>This is an MSB proposal originating in 2016. The proposal has evolved into three phases.</p> <ul style="list-style-type: none">• Initial proposal was to update the list of facilities types and designations to ensure they are aligned with current legislation.• The second phase was to seek formal agreement to replace the existing 626A with modernized code(s), effective April 1, 2020.• The final phase is to finalize the descriptor and policy for the modernized fee codes. <p>For additional information including key messages and FAQs for billing, please visit the Saskatchewan Medical Association website: https://sma.sk.ca/163/payment-schedule-modernization-psm.html</p>
2. SEE PHYSICIAN PAYMENT SCHEDULE (PPS) FOR FULL DESCRIPTOR	<p>To initiate billing of these codes:</p> <ol style="list-style-type: none">1. The physician's first SCHM fee claims for the patient must include the comment: "will be providing continuous care".2. Subsequent (after 14 days) SCHM fee claims must be consecutive and continuous for the same patient by the same physician or clinic and will not require a comment.3. If a different physician (from a different clinic) is temporarily providing management of special care home patients on behalf of the most responsible physician, and claiming SCHM fee codes for those patients, the claim(s) must include the comment: "Covering for Dr. first name; last name". If a different physician (from the same clinic) is temporarily providing management of special care home patients on behalf of the most responsible physician, and claiming SCHM fee codes for those patients, the claim(s) do not require an additional comment. <p>PLEASE NOTE: SCHM service includes all necessary non-acute indirect patient care as listed in the PPS by the most responsible physician or another physician in the same specialty and clinic.</p>
3. TRANSITION FROM 626A TO THE NEW SCHM CODES 627A AND 628A	<p>Below is MSB's direction.</p> <p>The codes are paid according to date of service (DOS):</p> <ul style="list-style-type: none">• If DOS occurred prior to April 1, 2020, 626A is billable and paid the October 2019 Payment Schedule (PS) rate.

Special Care Home Management 627A – 629A

	<ul style="list-style-type: none"> If DOS is on or after April 1, 2020, 627A/628A are billable and are paid at the April 2020 PS rate. <p><u>For the transition week of March 29 – April 4, 2020:</u></p> <ul style="list-style-type: none"> 626A is billable (1) visit per patient by any physician every 7 days. Thus, depending on the DOS, the 7 day time period for 626A may extend into April. From March 29th to April 4th, either 626A or 627A/628A can be billed, but not both. If 626A is billed with 627A (indirect) within the transition week: 626A is paid (higher rate) and 627A is recovered. The next date that a SCHM code can be billed is as soon as the 7 calendar day block the 626A covers is passed. <p>For example: 626A with March 30th DOS is paid. 627A with April 2nd DOS is recovered with explanatory code BK. 627A or 628A with April 6th DOS is payable.</p> <ul style="list-style-type: none"> If 626A is billed with 628A (direct) within the transition week: 626A is recovered and 628A is paid (higher rate and an actual visit). The next date that a SCHM code can be billed is as soon as the 14 calendar day block the 628A covers is passed. <p>For example: 626A with March 30th DOS is recovered with explanatory code BK. 628A with April 2nd DOS is paid. 627A or 628A with April 16th DOS is payable.</p>
